

Peter Punchard Collection

The Museum bid for a number of lots at the Auction of Peter Punchard's Railway Collection. As expected we were not successful in bidding for all the items but we did manage to get a nice collection of Railway items, some dating back to the early 1900s. On top of this we are now the proud owners of the large station sign.

One of the enamel street signs which were common in Halesworth, there are still a number still in place around the town. It would be nice if we could get a few more of these signs.

A couple of lots in here, signal box records, maps, telegrams and other paperwork. A lot of sorting out and recording to be done here.

A nice collection sales documents from Halesworth and surrounding villages. Some nice maps

A big thank you, again to all who donated in such a short time to help us buy these items.

We lost a number of lots at this auction and at another where we lost a few items which were of great interest. If you would like to help in the future you can be one of our "Friends" or just ask to join our mailing list do email us for more information.
